ABOUT ME

I am a 33 year-old creative coder with a focus on **web technologies** and **web design** and a very broad range of other skills, working as a **freelance web developer** since 2013. I was able to collect experience through studying in **Kumamoto** and **Singapore**, working in **Tokyo** and am used to working in an international environment.

I am **reliable, self-reliant** and constantly **looking for new challenges** and would be happy to support you in your projects on site or remotely around the world.

FREELANCE WORK EXPERIENCE (EXCERPT)

- 09/2023 ○ **FRONTEND LEAD** at **4soft** – <https://www.4soft.de/>
Munich, Germany
Creating a **management web application** for a German automotive supplier with **Angular, Node** and **Java Spring**. Leading a **team of frontend developers**, planning and implementing features.
